Terms and Conditions - Clothes Washer Replacement Incentives

Program Offer: The Program covers products purchased and/or services rendered on or after **January 1, 2015**.

Eligibility Criteria for ENERGY STAR® Clothes Washers:

This rebate requires replacement of old clothes washer with a new ENERGY STAR clothes washer (not available for new homes - See All Star Home Incentive for new construction).

1. Clothes washers must be listed as an ENERGY STAR qualified product at the time of purchase.
2. Hot water used by an eligible clothes washer must be provided by an electric water heater.
3. ENERGY STAR verification must be provided.
4. Limit of two (2) clothes washer rebates per home.

Information for the existing electric water heater and electric dryer (if applicable) must be provided in the Additional Information table.

ENERGY STAR Verification:

ENERGY STAR qualification can be verified by one of the following:

1. Provide cutout of package showing ENERGY STAR logo, product type and model.
2. Provide copy of yellow EnergyGuide label with ENERGY STAR logo.
3. Provide printout from ENERGY STAR website (www.energystar.gov) showing that the model is ENERGY STAR.

General Terms and Conditions

The Utility must supply all electricity to the equipment for which the rebate is being paid.

Application Information: Missing or incorrect information on the application may delay processing and delivery of the rebate. An invoice is required and should include specific product information, including the brand, model, serial number and date of purchase of the energy efficient measures. Other information including manufacturer's equipment performance sheets may be required upon request.

The Utility reserves the right to verify sales transactions and to have reasonable access to the Customer's facility to inspect pre-existing equipment (if applicable) and energy efficient measures installed under this program.

Warranty Information: The Utility makes no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that a certain level of energy or cost savings will result from the use of products covered by this program.

Limitation of Liability: The Utility's liability in connection with this program is limited to paying the rebate specified when all terms and conditions have been satisfied. Under no circumstances shall the Utility be liable for any consequential or incidental damages or tax liability resulting from participation in this program.

Participant Certification: Participating Customer certifies that he/she purchased and installed the equipment listed on their application at the defined location served by the Utility. The Customer agrees that all information provided is true and that he/she has conformed to all program requirements. If the equipment and application does not comply with the Utility's rules and qualifications, the rebate amount may be denied or adjusted.

Program Changes/Termination: The Utility reserves the right to extend, modify (including incentive levels) or terminate this Program at any time without prior or further notice. The Customer is responsible for checking with the Utility to determine whether the program has been changed or is still in effect.

Customers must apply for rebates within six (6) months of the purchase date (as shown on the Customer's invoice). Past eligibility, however, does not guarantee that equipment will meet criteria for current programs in effect.
